AIRE-O₂® 275 Aerator

Same Powerful AIRE-O₂® Performance for the Economy-Minded Customer

The same essential design features and advantages delivered by the original AIRE-O₂® aspirator aerator are also available in our smaller units with heavy-duty industrial motors ranging from 2 through 7.5 Hp (1.5 - 5.5 kW). The AIRE-O₂® 275 Aerator is available in three different types of float-mounted systems.

Aeration Industries International introduced the innovative, patented aspirator aeration technology in 1974. The AIRE-O₂® aerator is a high quality, minimal maintenance aspirator with superior performance and a proven track record. More than 65,000 aerators have been installed throughout the U.S. and over 92 countries worldwide.

AIRE-O₂® 275 Aerator Benefits:

- Re-engineered with the highest quality materials.
- Increased mixing and oxygen dispersion.
- Ease of installation and portability.
- Same engineering integrity as AIRE-O₂® Aspirator aerator at a reduced price.
- Minimal maintenance.
- No aerosols or odors, “community friendly”
- Ideal for retrofits and upgrades
- Three (3) Year Warranty.

Available in 2-7.5 Hp (1.5-5.5 kW) sizes in worldwide voltage, phase, Hz combinations.

The AIRE-O₂® 275 aerator, mounted on a uni-float above, creates no aerosols or odors and is quiet in operation due to its sub-surface operation.
