# YOUR PARTNER IN TREATING CHEMICAL WASTEWATER

*Invest in your wastewater, so you can focus on quality production.*

## INDUSTRIES SERVED

- Pharmaceutical
- Industrial Park
- Petro Chemicals
- Textiles

## BENEFITS

We understand you need to meet a rigorous set of quality standards and we are here to help you. We will partner with you to design a customized solution to meet quality requirements and keep solids in suspension, keeping your aeration basin free from sludge buildup... so you can focus on quality production.

## FEATURES

- Surface mounted
- Mixing to reduce sludge settlement
- Easy to install and maintain
- Components constructed of stainless steel
- Customized bearings promote durability in corrosive environments
- Adaptable for supplemental air
- Mix and aerate deep tanks, up to 9m

*With more than 40 years of experience, we have proven we can offer a solution that is right for you.*
